

**RESOLUTION NO. 20-XX**

**BE IT RESOLVED BY THE MAYOR AND COUNCIL OF THE CITY OF  
SUPERIOR, NEBRASKA**

THAT: for electricity provided by the Utilities Department of the City of Superior, Nebraska, the following rates apply to all urban and rural residential, commercial, industrial and municipal customers, beginning with the utility billing issued on or about October 1, 2021, due on or before October 15, 2021:

**MONTHLY ELECTRIC RATES FOR RESIDENTIAL, GENERAL SERVICE  
AND GENERAL SERVICE DEMAND**

**Residential Service:**

**Off-Peak Months**

Customer Charge, per month	\$19.75
First 700 KWH (per KWH)	\$ 0.09517
Balance (per KWH)	\$ 0.06367

**Peak Months**

Customer Charge, per month	\$19.75
Usage (per KWH)	\$ 0.09517

**General Service:**

**Off-Peak Months**

Customer Charge, per month	\$31.50
First 2000 KWH (per KWH)	\$ 0.09465
Balance (per KWH)	\$ 0.07565

**Peak Months**

Customer Charge, per month	\$31.50
Usage (per KWH)	\$ 0.09465

**Large General Service:**

**Off-Peak Months**

Customer Charge, per month	\$390.00
Demand Charge (per KW)	\$ 11.50
Energy Charge (per KWH)	\$ 0.04689

**Peak Months**

Customer Charge, per month	\$390.00
Demand Charge (per KW)	\$ 14.50
Energy Charge (per KWH)	\$ 0.05469

**Large Primary Power Service:**

**Off-Peak Months**

Customer Charge, per month	\$410.00
Demand Charge (per KW)	\$ 16.25
Energy Charge (per KWH)	\$ 0.03972

**Peak Months**

Customer Charge, per month	\$410.00
Demand Charge (per KW)	\$ 19.00
Energy Charge (per KWH)	\$ 0.04062

General Service customers are all customers, including municipal customers, who are not residential and do not qualify as Large General Service or Large Primary Power Service customers.

Large General Service customers are determined by demand. Any customer reaching a peak demand of 100 KW or greater, in any monthly billing period, shall be a Large General Service customer for the succeeding twelve months.

Large Power Primary Service customers are metered at a primary feeder voltage of 600 or greater and loads that have or are estimated to have a 700 KW or greater demand in any monthly billing period. Customers shall be Large Power Primary Service customers for the succeeding twelve months.

Energy charge: The charge in dollars, per kilowatt hour (KWH) of measured use in a given billing month.

Demand charge: The charge in dollars, per kilowatt (KW) of measured 15 minute peak demand (corrected for power factor if necessary) in a given billing month.

**APPLICABLE TO ALL RATES.**

**PCA Charges:** Superior Utilities may pass through, as an additional charge, a Production Cost Adjustment (PCA). This charge adjusts the retail billings to recover the actual cost of purchased electricity when such purchases are different from the Base cost included in the retail rates herein established. Actual cost is the price per KWH received from the City's wholesale supplier including transmission and other adders on or about the 5th of each month. As established by rate study, the Base cost is:

Off-peak months (per KWH)	\$0.0676
Peak months (per KWH)	\$0.0774

The PCA is the difference between the actual cost and base cost noted above.

**Peak/Off-Peak months:** For billing purposes, June, July, August and September are peak months. All remaining months are off-peak months.

All bills shall be posted on the first of the month or first work day thereafter. All bills shall be due and payable upon receipt and delinquent if not paid by the Fifteenth (15<sup>th</sup>) of the month the bill was rendered. A ten percent (10%) delayed payment penalty shall be charged on delinquent bills. Delinquent accounts shall be subject to disconnection upon proper notice.

PASSED AND APPROVED THIS \_\_ DAY OF SEPTEMBER 2021.

ATTEST:

---

Jan Diehl, City Clerk

---

Christopher D. Peterson, Mayor
